Securities Exchange Act of 1934

Subject Company: Dell Technologies Inc.
(Commission File No. 001-37867)

November 29, 2018

The table below sets forth unofficial estimates of the aggregate amount of cash elections and share elections made by holders of Class V Common Stock of Dell Technologies Inc. (the "Company") as of 5:30 p.m., New York City time, on November 29, 2018. Such estimates are based on preliminary reports from American Stock Transfer & Trust Company, LLC ("AST"), the Company's exchange agent, and are being made available in order to assist holders of the Company's Class V Common Stock in evaluating the Company's previously announced Class V transaction in which holders may elect to receive in exchange for each share of Class V Common Stock either (i) a specified number of shares of the Company's Class C Common Stock based on a certain exchange ratio or (ii) \$120 in cash, without interest, subject to a cap of \$14 billion of aggregate cash consideration.

The exchange ratio is dependent on the aggregate amount of cash elections as well as the 17-day aggregate volume-weighted average price per share of Class V Common Stock on the New York Stock Exchange (as reported on Bloomberg) for a period of 17 consecutive trading days ending on the date of the election deadline referred to below (the "DVMT Trading Price"). The applicable exchange ratio generally will increase as the aggregate amount of cash elections increases and as the DVMT Trading Price decreases, subject to the maximum exchange ratio of 1.8130. However, while the table below provides the most recently available information relating to the aggregate cash and stock elections, holders should exercise caution in relying on these numbers, since they may not reflect the elections of large Class V stockholders whose elections may not be made until late in the process, and whose elections may significantly impact the aggregate amount of cash elections and share elections and, thereby, the final exchange ratio. This table is not intended to be, nor is it, a guarantee or prediction of the final aggregate cash and stock elections or the exchange ratio.

In addition, holders may revoke or change their election at any time prior to 5:30 p.m., New York City time, on the eighth trading day following the date on which the Company issues a public announcement that the requisite stockholder approvals for the Class V transaction have been obtained (the "election deadline"). The elections by holders indicated below may therefore change prior to the election deadline. Any share of Class V Common Stock with respect to which neither an election to receive share consideration nor an election to receive cash consideration has been properly made and any share of Class V Common Stock with respect to which such an election has been revoked or lost and not subsequently made will be converted into the right to receive share consideration.

The merger agreement provides that the exchange ratio will be at least 1.5043 and may be increased under certain circumstances (such increase, the "exchange ratio adjustment"). The exchange ratio adjustment will be a number of shares equal to (a) 0.01998 multiplied by (b) the lesser of (x) \$15.45 and (y) the amount (which may be zero but, for the avoidance of doubt, not less than zero) by which the DVMT Trading Price is less than \$120.00 multiplied by (c) the lesser of (x) one (1) and (y) a fraction (i) the numerator of which is equal to the aggregate amount of cash consideration elected as of the election deadline and (ii) the denominator of which is equal to \$14 billion. In no event will the exchange ratio be less than 1.5043 nor more than 1.8130.

In addition, the merger agreement provides that the Company shall issue the public announcement that the requisite stockholder approvals for the Class V transaction have been obtained as promptly as practicable after the special meeting of the stockholders of the Company. Assuming such public announcement on December 11, 2018, the date on which the special meeting of the stockholders of the Company is scheduled to occur, the election deadline will be 5:30 p.m., New York City time, on December 21, 2018, and the first trading day used for determining the DVMT Trading Price will be November 29, 2018.

As of 5:30 p.m., New York City time, on November 29, 2018, AST reported the following aggregate amount of cash elections and share elections made by holders of the Company's Class V Common Stock:

	Cash Elections	Share Elections	Total
Shares of Class V Common Stock Submitted for Election	278,643	101,684	380,327
Percentage of Electing Shares Making Cash Elections and Share Elections	73.3%	26.7%	100.0%
Percentage of Total Outstanding Shares of Class V Common Stock Eligible to Vote (1)	0.14%	0.05%	0.19%

(1) Based on 199,323,067 total outstanding shares of Class V Common Stock (which excludes shares of Class V Common Stock held by affiliates of the Company).

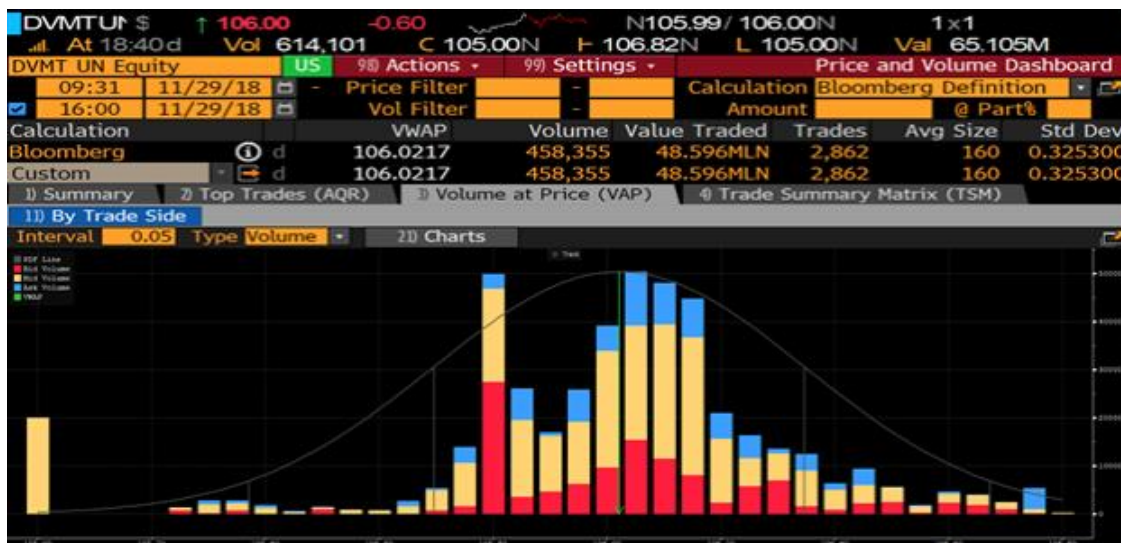

The volume-weighted average price ("VWAP") per share of Class V Common Stock on November 29, 2018 was \$106.0217, as reported on Bloomberg. Assuming (i) the DVMT Trading Price to be the VWAP per share of Class V Common Stock on November 29, 2018) and (ii) that the percentage of aggregate cash elections presented in the first table above remains the same as of the election deadline (subject to a maximum cash election amount of \$14 billion), the Company would be required to pay an aggregate cash consideration of \$14 billion and the exchange ratio would be 1.7836.

Investors should be aware that the assumed DVMT Trading Price and aggregate cash elections presented above and, thereby, the exchange ratio will change prior to the election deadline and such change could be material. In addition, the DVMT Trading Price will be based on the VWAP per share of Class V Common Stock on the New York Stock Exchange (as reported on Bloomberg) over a period of time that is determined in reference to the date of public announcement by the Company that the requisite stockholder approvals for the Class V transaction have been obtained, which date cannot be determined as of the date hereof. **THE DVMT TRADING PRICE, AGGREGATE CASH ELECTIONS AND FINAL EXCHANGE RATIO WILL NOT BE KNOWN UNTIL AFTER THE ELECTION DEADLINE.** Please carefully read the supplement dated November 26, 2018 to the proxy statement/prospectus included in the Company's registration statement on Form S-4, as amended (File No. 333-226618), declared effective by the Securities and Exchange Commission on October 19, 2018, and related filings, annexes and exhibits for more information.

The following table illustrates the range of possible exchange ratios, assuming certain DVMT Trading Prices and cash election amounts as of the election deadline:

	\$120.00	\$118.00	\$116.00	\$114.00	\$112.00	\$110.00	\$108.00	\$106.00	\$104.55
